

SCRUM MEETING WEEK 10

✓ Sprint planning checklist

Preparation	Meeting	Follow up
<ul style="list-style-type: none">- Implement quiz grading and discussion page for main functionalities.- Add better CSS for better visuals making the flask app more appealing to look at.- For the essay submission add grading feature by text so that teachers can review and edit the student's grade- For regular quiz make it interactive where it tells you about your final grade after submission.- Implement backend testing to test cases based on db	<ul style="list-style-type: none">- Discuss about next steps in making the app more user friendly.- Presentation details for M5 and the steps involved.- Assign issues and make sure to move it to sprint and project backlog.- M4 test case and spend time for backend testing after feedback.	<ul style="list-style-type: none">- M3 progress in testing and keeping the team updated on what tasks to finish this coming week.- Make sure to add constraint such that if an admin enters a teacher id that does not exist in the database it should not allow them to create a course.- Look for similar edge cases so that our app is more streamlined.

👥 Sprint team members

Name	Role
Sanjith Senthil	Developer
Reyhan Reginald	Scrum Master (Developer)
Rajveer Sodhi	Developer
Vanshika	Developer
Amey	Developer

✏️ Sprint planning meeting items

Previous sprint summary

Sprint theme	Quiz, Essay for teacher and student
---------------------	-------------------------------------

Issues completed	17
Issues left	0
Team Capacity	5
Summary	The team successfully completed all 17 issues based on the feature list implementation. The submit assignments feature for the student, creating quiz and essay assignments to be posted by teachers have been implemented. The database also updates based on the tasks we perform seamlessly. We also worked on unit testing the front end so that edge cases are taken care of, meeting grading criteria and sprint objectives.

Details Current sprint

Start date	22 nd March, 2024
End date	29 th March, 2024
Sprint theme	Integrated quiz and essay submission with database update with testing.
Team capacity	100%
Issues capacity	17
Individual capacity	Reyhan 8 hours Sanjith 8 hours Vanshika 8 hours Amey 8 hours Rajveer 8 hours
Potential risks	Admin should not be able to enter a teacher id that doesn't exist in the db. And in doing so should redirect them to a different page instead of creating a new teacher id in database.
Mitigations	Formulate front end for discussion page on paper to have an idea.
